

SPORT.

CYCLING.

Necessity may be the mother of some bicycle inventions, but the number of freak wheels now appearing indicates that many of them are orphans. Whatever may be the type of wheel that finally prevails, certain benefits in the way of improvements are bound to accrue from the vast amount of experimenting that has been induced by the chafing wheel departure and the rivalry of manufacturers. Many novel devices are appearing weekly. Bearings, chains, sprockets, and all parts, are being made the subject of unusual study in the effort to bring out something that will surpass competitors.

A Connecticut concern has produced for 1898 a new sprocket, having eight teeth so arranged that only four are engaged with the chain at any one time. This is a second peculiar sprocket device to appear for which marvellous qualities are claimed. Most of the chain wheel advocates are flying to the gears for this reason. A prominent New York firm which has been experimenting with an enclosed chain for several months, announces that it will put out this style of model as its standard, and claim for it less friction than any other form of chain wheel or any chainless.

All talk about the National Meet being awarded to Boston or any other eastern city is wasted energy. The meet will be awarded by the executive committee of the L. A. W. and the reason Indianapolis is proceeding with its arrangements for the meet may be inferred to be that it is aware that the sentiment of the executive committee is at present in favor of Indianapolis. Boston has made no formal application and all the talk may be construed as simply a preliminary bid by Boston for the meet of 1899.

At the approaching National Assembly an amendment to admit professionals to L. A. W. membership will certainly be introduced and it is almost an assured thing that it will be passed.

President Potter is negotiating with the government to obtain, for league uses, official maps covering practically the entire country. The idea is to have them made up in durable style, pocket size, and issue them free to members. These maps are equal to the famous ones prepared by the French government and they alone will be worth the cost of membership in the league.

After all the talk of building new tracks it is at last assured that New York will have a three and one-half lap board track at Berkeley Oval. It will be built by the Berkeley Association and will R. Pitman, of the state racing board, will be manager.

BOWLING.

WHEELING LEAGUE.

	Won.	Lost.	Per.
Auroras	19	8	704
The Bowlers	19	8	704
Cosmopolitans	19	8	704
Tidal Waves	17	10	629
Pirates	17	11	608
Ideals	14	10	583
Silver Globes	12	15	444
Defenders	7	20	259
Aber-Nit	4	25	135
Old Cronies	2	23	141

"The Bowlers" Henning's aggregation of ten-pin artists, are laboring under the misapprehension that they are coming champions—just because they rolled three indifferent games and won three straight from the Defender crowd last night. If "The Bowlers" win the pennant over the creek, South Carolina can be expected to go Republican next fall. But neither will score.

THE BOWLERS. 1st, 24, 2d, 20, 3d, 20, 4th, 12, 5th, 12, 6th, 12, 7th, 12, 8th, 12, 9th, 12, 10th, 12. Totals, 180, 180, 180, 180, 180, 180, 180, 180, 180, 180.

DEFENDERS. 1st, 24, 2d, 12, 3d, 12, 4th, 12, 5th, 12, 6th, 12, 7th, 12, 8th, 12, 9th, 12, 10th, 12. Totals, 180, 180, 180, 180, 180, 180, 180, 180, 180, 180.

Scorers—Nolls and Wilson. Umpire—Eckles. To-night—Aber-Nit vs. Ideals.

AMUSEMENTS.

The evening of comedy to be given by Miss Hennig, her pupils and other talent, at the Opera House to-night, promises to be a highly successful affair. "Is not often pupils of elocution attempt anything in this line, but Miss Hennig's pupils will establish a precedent. The programme is bright and varied; there is not a dull line to be found in any of the three little plays, "Cousin Frank," "Marie's Secret" and "A Finished Comedian." Comedy at the start and finish, and a little pathos sandwiched between, a most delightful evening is anticipated. The amount of dramatic talent in this city is something to be proud of and encouraged.

Katie Emmett Coming.

That Katie Merry Emmett is popular is proven by the fact that she has at different times been elected to honorary membership in over seventy-five different organizations of one description and another. Three times she has presided at Elk socials, and the Portland lodge two years ago presented her with a beautiful diamond badge. And as for the newshoys, Miss Emmett is an honorary member of nearly every union in the country, and the assortment of badges and medals she has made drive the average button collector insane with envy. All this is due to Miss Emmett's popularity over the stage, as well as on, for a brighter and more entertaining woman than Katie Emmett does not exist. Her genial and sunny disposition has won for her a host of admirers all the country over. She comes to the Grand the first of next week.

"For Fair Virginia."

Play-goers may confidently look forward to a pure and delightful entertainment at the Opera House on Wednesday, December 15, when Mr. Russ Whytall's brilliantly successful drama will be presented, with the author and his wife in the star parts. The plot deals with domestic life in Virginia during war times, but it is in no sense a drama; indeed, Mr. Whytall appears in a comedy character. This play is now in its third successful season, having been originally produced more than a year ago at the Fifth Avenue Theatre, New York, and has been acted over 500 times. That remarkably clever and attractive child, Mabel Taliaferro, has an important part. A most complete and handsome scenic equipment is carried.

"The Girl I Left Behind Me."

David Belasco and Franklin Fyles celebrated American play, "The Girl I Left Behind Me," comes to the Opera House Saturday, matinee and night. The record made by this piece is phenomenal. It was the most successful success of the season during which the Empire Theatre was opened in New York. It has been discussed in the newspapers and magazines and was produced around the water in London, where it duplicated its New York success. It is the kind of drama that an-

The Health of the Hair

is indicated by its condition. When the natural secretions decrease; when the hair becomes dry, splits at the ends and comes out in combing; when the gloss disappears and the hair becomes gray or faded, the ill health of the hair is indicated. The success of AYER'S HAIR VIGOR is due to the fact that it restores the hair-producing organs to their natural vigor. It encourages and promotes the secretions of the hair follicles, and thus gray or faded hair regains its original color, new growth begins, and lost lustre is restored.

for fifteen years. It causes the hair to keep its natural color and is a positive cure for baldness. —T. B. WEYANT, Weyant, Pa.

peals to all kinds and conditions of people, but is essentially human. It abounds in thrilling situations, but has not the remotest resemblance to the lurid melodrama whose birth place is generally the Bowery. "The Girl I Left Behind Me" is a piece of action. It depicts graphically the life of the American Indian and the American military post and clashes them strongly.

Archer's Popularity.

Appropos of the coming of Mr. Frederic Archer to Wheeling, it may not be amiss to quote the following from the Pittsburgh Dispatch of November 22, which shows how his organ recitals are appreciated by the public of that city: "The jam at the organ recital by Frederic Archer was simply frightful. Before the first number every seat was taken and hundreds were standing in the galleries. The rush for the doors after each selection was tremendous, and many hundreds were unable to get inside at all. These recitals are evidently growing more popular every week."

The seats are now on sale at C. A. House's music store, and, judging from the number taken on the first day, a very large advance sale is assured.

"McFadden's Flats."

The hold which farce comedy has upon Wheeling patrons of the play, was in evidence again at the Grand last night, when a crowded house witnessed the first production in this city of "McFadden's Row of Flats." The piece is a combination of farce and vaudeville, without a plot, and serving only to entertain and amuse. The cast includes a number of well known comedians and specialty artists, and they manage to maintain interest unflagging for nearly three hours. The specialties include the famous midgets, and the four emperors of music, who have heretofore frequently delighted Wheeling audiences. "McFadden's Flats" is certain one of the best of Gus Hill's theatrical successes, and will no doubt crowd the Grand during the remainder of the present engagement, which will include performances to-night, and Saturday matinee and evening.

Herr Galler "Goesch."

BERLIN, Dec. 9.—The Reichstag today resumed the debate on the first reading of the government's naval bill. Herr Hammacher, National Liberal, said that his party unanimously approved the principles of the measure and attached the greatest importance to the navy. In connection with the export trade the speaker thought the commercial policy of the United States and Great Britain should be particularly considered. Herr Galler, Peoples party, said his party would oppose the bill, which, he asserted, was the first step toward the establishment of naval absolutism. "Guns," Herr Galler continued, "cannot open new markets. South Germany is absolutely opposed to the measure."

Too Thin! Too Thin!

PARIS, Dec. 9.—La Patrie to-day prints a sensational statement, the substance of which is that the Dreyfus agitation is the outcome of an international plot to divert France's attention from events abroad, adding that an international syndicate with this object in view, backed by foreign gold, commenced operations in Belgium and developed them in Germany.

The grand and beautiful Bible story of Abraham intercepted on the point of slaying his cherished son has a deep significance which every mother should take to heart. Too many mothers of the present day bind their children upon the altar of neglect and misunderstanding, all unmindful that beneficent providence forbids the sacrifice.

Women who expect to be mothers do not care for their own health as they ought, and thus the health and lifelong welfare of the prospective little one is sacrificed. All women should know and use the health-supporting power of Dr. Pierce's Favorite Prescription in every delicate condition of the organs pertaining to maternity.

This special organism is directly strengthened and reinforced by this wonderful "Prescription." It renders the ordeal of motherhood entirely safe and comparatively easy; it gives constitutional energy and vigor to both mother and child; it absolutely cures every form of female weakness and disease. It is the only medicine in existence devised for this particular purpose by an educated, skilled physician of thirty years' experience in this special field of practice. A full account of its marvelous properties is given in one chapter of Dr. Pierce's thousand-page illustrated book, "The People's Common Sense Medical Adviser," a paper-bound copy of which will be sent on receipt of the enclosed one-cent stamp, to pay the cost of mailing only, or, on demand, a full-sized copy of the book, which is sold at \$1.00. Address: World's Dispensary Medical Association, Buffalo, N. Y. Every woman should read this book.

W. B. Malouin, of Knobel, Clay County, Arkansas, writes: "Since I last wrote you I have had a baby girl born to us. My wife took your Favorite Prescription all during the expectant period and until confinement, and she had no trouble to mention."

BENWOOD

News Items from the Lively Industrial Town.

Ex-Marshall Louis Goeck, Captain Paul Riedel and Charles Vance, the ex-sheriffly candidate from Paw-Paw ridge, have returned from a hunt in the wilds of Wetzel county. They brought back a considerable amount of game, including a young bear, which fell prey to Charles Vance's hands. The cub will be served at lunch to-night, and the friends of the hunters are getting ready for the feast.

Ed. Pearl and John Haskins have transferred their property on "Kentucky Heights," and the transfers have increased the rumors as to what company is behind the deal. The Benwood Southern could utilize it splendidly, and so could the Riverside and the others mentioned. One of the first property owners to sell, Mr. August Schad, yesterday gave his deed to the ground at the upper end.

A splendid musical concert was given at Paul Riedel's last night. Among those taking part were the blind musicians, Louis and Barbara Tremmel, whose education by the unfortunate King Louis II. of Bavaria, was detailed in Wednesday's Intelligence. The A. Hart Singing Society rendered several selections, also.

Judge Paul's decision, sustaining the claims of the Benwood council and the board of education of Union district, for a reapportionment of the Baltimore & Ohio railroad tax, settles satisfactorily questions of the whole county since the unjust distribution was first brought to light by the city assessor.

Mr. William B. Leach and bride were tendered a reception last night by the Hope Society, of the Methodist Episcopal church. The usual serenade by the boys was another form of reception. Mr. Leach was one of the organizers of the society.

As council will not have a regular meeting until December 28, it will be almost two months since it had a meeting. The city employees will get paid all in a lump at the next meeting, and it will be like a Christmas box to them.

Another saloon will shortly be started up in the "Cherokee Strip." This will bring the number of saloons in Benwood up to about forty. Which isn't so bad for a town of over 6,000 inhabitants.

The property on Main street of Patrick Brennan, pudding boss at the lower plant, is undergoing repairs, and the good weather is being used to advantage for similar repairs in several parts of the town.

Charles Schad has been tendered the secretaryship of the Benwood Electric Light Company, and has accepted it.

B. O. Tomlinson, of Moundsville, returned home yesterday, after clerking temporarily at Shick's pharmacy.

"Tug" Wilson, drunk, was the only case before the mayor yesterday. He paid the \$1 and costs.

Dr. T. F. Downing was a Moundsville visitor yesterday, answering a professional call.

Miss Maggie Barrett, ex-postmistress, has returned from a visit to Newark, O.

A main street young lady and a young man residing in the "Cherokee Strip," will shortly enter the "bonds of matrimony."

IS IT A TRIFLE?

That Common Trouble, Acid Dyspepsia or Sour Stomach—Now Recognized as a Cause of Serious Disease.

Acid dyspepsia, commonly called heart-burn or sour stomach, is a form of indigestion resulting from fermentation of the food. The stomach being unable to promptly digest it, the food remains until fermentation begins, filling the stomach with gas, and a bitter, sour, burning taste in the mouth is often present. This condition soon becomes chronic and being an every day occurrence is given but little attention. Because dyspepsia is not immediately fatal, many people do nothing for the trouble.

Within a recent period a remedy has been discovered prepared solely to cure dyspepsia and stomach troubles. It is known as Stuart's Dyspepsia Tablets and is now becoming rapidly used and prescribed as a radical cure for every form of dyspepsia. Stuart's Dyspepsia Tablets have been placed before the public and are sold by druggists everywhere at 50 cents per package. It is prepared by the Stuart Co., Marshall, Mich., and while it promptly and effectively restores a vigorous digestion, at the same time is perfectly harmless and will not injure the most delicate stomach, but on the contrary by giving perfect digestion strengthens the stomach, improves the appetite and makes life worth living.

Send for free book on Stomach Diseases by addressing Stuart Co., Marshall, Mich.

BELLAIKE

All Sorts of Local News and Gossip From the Glass City

Morris V. Miller, the missing Cleveland & Pittsburgh engineer, whose whereabouts have been unknown for about two months, has at last been heard from. He turned up in St. Louis the first of this week, it appears, and weary and penniless he applied to the Brotherhood of Locomotive Engineers for aid. A word was at once sent to the proper officer of the relief department of the Pennsylvania Company at Cleveland, and that official promptly communicated with a brother of the missing man, who sent word to the family here. The St. Louis folks were notified to care for Mr. Miller and detain him until a messenger would arrive, who will bring him back home. This is the brief story as far as now known. It seems almost certain that he is yet alive and yet there is a bare possibility that some impostor seeing the accounts has used a disguise to impose upon the Brotherhood. But whatever the doubt that now exists will be removed in a short time, as the man sent on will be able to give a correct story. Those who knew the deranged man best are inclined to the belief that he is really in St. Louis. But no one knows more of him than is given above.

FOR DYNAMITING FISH.

The case against Joseph H. Denham for catching fish by other means than with hook and line, is set for hearing before Judge Mason to-morrow. He was at first charged, along with another party, with dynamiting fish, the penalty for which is very heavy. The other party is out of the state and the first charge was dropped and a lighter one substituted.

AN EXHAUSTIVE OPINION.

The suit of the First National Bank, of this city, against the First National Bank of St. Clairsville, as to the priority of a mortgage, brought an exhaustive opinion from Judge J. W. Hollingsworth, who held in favor of the bank at St. Clairsville. There were some fine legal points brought out and all banks and others were interested in having them passed upon.

MR. WILLIAMS' LECTURE.

The lecture of Superintendent H. G. Williams, of the Second Presbyterian church last night, was attended by a nice audience, and Mr. Williams told "The Story of Helen Keller," in an entertaining way, that was fully appreciated by the splendid audience. He is growing in popularity with the people here because of his efforts and good work.

TAX-PAYING SEASON.

The tax-paying season is on and county treasurer Kirk says that at no time since he has been in office have so many people paid their whole tax at the De-

Don't Neglect That Cold

No matter how slight it may seem to you, for Coughs, Colds, Hoarseness, Influenza and apparently innocent Catarrh of the Throat lead to Pleurisy, Pneumonia, Consumption and other fatal Lung Diseases if neglected.

Avert All Danger by Promptly Applying a

Benson's Porous Plaster

to the chest (front and back) upon the first appearance of such warning symptoms. It affords prompt prevention against these dangerous complications, and, sure cures. Always reliable. Beware of the genuine effective. Price, 25 cents. Refuse substitutes.

ember collection. It is an evidence of better times that is convincing, at least to the people who pay the taxes.

BELLAIRE BRIEFS.

William A. Mellose and wife have made an assignment, which includes a 120-acre farm in Washington township and all of their personal property. It was decided upon as the best way out of their troubles.

James C. Tallman, who argued an old pension case in the United States district court at Columbus on Tuesday, is home again.

The Home Benevolent Society meets this afternoon at the home of Miss Anna Cratty.

MARTIN'S FERRY.

Haps and Mishaps in the Thriving City Across the River.

A large number of seats are being sold for the minstrels to be given by thirty young ladies of Martin's Ferry, at the opera house, to-night and to-morrow night, for the purpose of raising money toward paying for a town clock, to be placed on the high school building. The rehearsals are satisfactory and the indications are that there will be a smooth performance. This will be the most novel entertainment ever given in this neighborhood and the house should be packed both nights. The music is excellent, the specialties are laughable and the many good jokes will please. Some of the best singers in Martin's Ferry will take part. A minstrel entertainment by girls is something new and it will doubtless draw well. All of the girls who take part will have their faces blackened.

THEY WILL CONFER.

A conference will be held at the Martin's Ferry council chamber this evening at 7 o'clock, between a committee of the city council and representatives of the Wheeling Railway Company, with reference to adjusting the differences. A committee of the council will meet representatives of the Wheeling & Lake Erie Railway concerning the extension to the Aetna-Standard mills.

MARTIN'S FERRY BRIEFS.

The funeral of Mrs. August Schurtz, yesterday afternoon, from the German Lutheran church, was very largely attended. The societies of the Daughters of Bethlehem and the Golden Eagles, of which the deceased was a member, attended in a body. Many were present from Wheeling. The interment was at Riverview.

County Treasurer Kirk says he never knew so many people to pay their whole tax at the December collection as are now doing and County Recorder Taylor says that more mortgages are coming off the books than at any time during his term and that fewer are being recorded.

Yesterday T. J. Stringer finished the new wharf for the Laughlin Nail Company, and will commence work in a few days, on the sewer from the tin plate mills to the Center street run.

Examinations are going on in the public schools and some of the teachers are preparing for closing exercises. The term's work has been very good, with no interruptions.

Harry Temple, formerly of Martin's Ferry, gets an awful roast in a Green Bay, Mich., paper, where, it seems, he has been cutting some of his old time capers.

Dr. Wilbur L. Davidson will give an illustrated lecture at the Methodist Episcopal church, December 15, under the auspices of the Epworth League.

Robert Richardson, charged with pretending to be a pension agent, was indicted by the United States grand jury, at Columbus.

Fehrenbach Bros. donated a twenty pound cake, to be divided between the winners of the cake walk to-night and to-morrow night.

The Sunday School convention will be held at the W. C. T. U. hall, at Colerain, on the afternoon and evening of December 17.

Last night a very interesting meeting of the Woman's Home Missionary Society was held at the Methodist Episcopal church.

Attorney L. J. C. Drennen leaves to-day on a southern trip, which will probably include New Orleans.

Leonard Johnson has taken the position of night gateman at the Laughlin tin mills.

The Old Men's Club will be entertained next Tuesday, by Kenworthy Hoge, Esq.

A supper will be given at the G. A. R. hall to-night, by the ladies of the post.

The building outlook in Martin's Ferry is better than for a long time.

L. Ackerman is fitting up his meat market on Fourth street.

Clarence, son of Mr. and Mrs. Port Coleman, is very sick.

Miss Margaret Ebbert, who has been sick, is better.

James Robinson, who has been sick, is better.

Walter Barr is home from Pittsburgh. Town clock benefit to-night.

How Spain Views It.

MADRID, Dec. 9.—At a cabinet council to-day the queen regent presiding, the premier, Senor Sagasta, outlined the opinions of the European press regarding President McKinley's message to Congress, the majority of which the premier declared that in the event of the United States wishing to intervene in Cuba it would find the government prepared to defend the rights and honor of Spain. As to the military operations in Cuba, the premier informed the cabinet that the results obtained were satisfactory. The premier also said he did not attach importance to "the attitude of certain senators."

Weyler Talking Through His Hat.

MADRID, Dec. 9.—General Weyler, the former captain general of Cuba, is quoted from Barcelona as saying that he considered President McKinley's hostility to be the most glorious compliment "which could be paid him when coming from Spain's most dangerous enemy." The general further remarked that he would make a statement in the cortes in order to defend his policy.

Want to Exclude Foreign Labor.

COLUMBUS, Ohio, Dec. 9.—A committee of five of the Ohio Federation of Labor, to whom was referred for early report the subject of the influx of foreign labor, reported a recommendation to have Congress asked to exclude foreign labor for ten years.

"For three years I suffered from Salt Rheum. It covered my hands to such an extent that I could not wash them. Two bottles of Burdock Blood Bitters cured me." Edith Young, Popes Mills, St. Lawrence county, N. Y.

CHRISTMAS TIME—GEO. E. STIFEL & CO.

Geo. E. Stifel & Co.

"ONE DAY NEARER"
